# Sales Funnel Design/Setup using Cartflows & Elementor

Cartflows may be your first pick if you're seeking for a high-converting sales funnel and landing page for your WordPress website. Cartflow can help you increase sales by allowing you to create infinite order bumps, custom checkout pages, fewer checkout fields, and a more appealing design. On your WordPress site, you may build Up-sell and Down-sell options. As a result, your website will earn you more money. You can also easily integrate PayPal, Stripe, or any other well-known payment processor.

## Project Details

- Install And Setup Cartflow plugin
- Sales funnel using woo-commerce, cartflow, Elementor and Divi
- Landing page design
- Checkout page
- Thank you page
- Optin form
- Payment Processor
- Up-sell & Down-sell (required Cartflow Pro)
- Lead collection
- All kind of Sales funnel

## Project Pricing
$500

## Project Timing
4 days
